

Roxanne White

Roxanne White brings over 24 years of experience in regulatory and business matters for United Farmers Telephone and Evertek, Inc. and currently serves as the CEO. She has participated and been active in telecommunications and wireless policy before the FCC for rural areas. She is currently a board member of the Iowa Telecommunications Association (ITA) and serves on several committees for the ITA, the Wireless Communications Association and OPASTCO.

The rural telephone company was formed in 1905 and serves 500 customers in the Everly exchange and is currently deploying FTTH. Evertek was formed in 1989 and offers wireless CATV, internet, PCS, home security, public safety, technical support and PCS across Northwest Iowa.
